

Pave the Way to Technology

@ Campus Middle School

Did you know that Campus Middle School will have a new look when the 2010/2011 school year starts? Over the summer, CMS will receive a much needed renovation as part of the Bond Issue passed in 2008. Be a permanent part of this new look by purchasing a personalized commemorative brick that will be a part of the newly designed main entrance area.

Personalized bricks can be purchased for \$100.00 each and are tax deductible. Proceeds will help fund technology advancements at CMS. Our school has immediate needs for replacement of computers on two mobile laptop carts, as well as updating our Applied Science/Robotics Computer Lab and our Video Production Lab. We hope to fund these upgrades with brick sales. This is a rare opportunity to be a permanent part of Campus Middle School and show your support of technology at CMS.

Please return one completed form per brick, along with a check **made payable to CMS PTO**, by Friday, June 4, 2010, to the Main Office or mail it to:
